

Data Inventory – Fields Collected by the STARS System

An inventory of data fields, formats, required/optional status, and tag category details. This document does not replace official technical documentation.

PROFILE

Personal & Physical Data

Field	Type / Format
Full name	Text
ID	Number
Date added	Date
Region	Text
Place of birth	Text
Marital status	Text
Registration PIN	Number
Gender & age	Text
Skin color	Text
Hair	Text
Distinguishing features	Text
Appearance change	Boolean (Yes/No)
Allergies, illnesses	Text
Height	Number (cm)
Weight	Number (kg)
Hip circumference	Number (cm)
Waist circumference	Number (cm)
Chest circumference	Number (cm)
Collar size	Number
Inseam	Number
Shoe size	Number
Clothing size	Text
Showreel / tape	Text / File

Professional & Acting Data

Field	Type / Format
Acting rating	Number (0–5)
Professional	Boolean (Yes/No)
Accepted assignments	Text

Field	Type / Format
Acting types	Text / Tags
Character	Text
Controversies	Text
Nudity	Text
Standing roles	Text / Tags
Accounting only	Boolean (Yes/No)

Education & Skills

Field	Type / Format
Education	Text
Trained profession	Text
Current profession	Text
Skills	Text
Interests	Text
Languages	Text / Tags
Driving licence	Text
Experience	Text

Additional (Lifestyle)

Field	Type / Format
My life motto	Text
My friends describe me as	Text
I would never do this on TV	Text
What I like in people	Text
What I dislike in people	Text
I have a fear / phobia of	Text
Location availability	Boolean / Text
Cars	Text / Tags
Animals	Text / Tags
Children	Text

Consents & Data Processing

Field	Type / Format
Health data processing consent	Boolean (Yes/No)
Marketing consent (phone)	Boolean (Yes/No)

Field	Type / Format
Marketing consent (email)	Boolean (Yes/No)

ADDRESS DATA

Field	Type / Format
Registered address – street & number	Text
Registered address – postcode & city	Text
Correspondence address – street & number	Text
Correspondence address – postcode & city	Text
Email	Text (email)
Phone (mobile)	Text
Social media (Instagram etc.)	URL / Text

Accounting Details

Field	Type / Format
PESEL (national ID number)	Number (11 digits)
Document number	Text
NIP (tax ID)	Text
Tax office	Text
Based abroad	Boolean (Yes/No)
Loyalty agreement	Boolean (Yes/No)

HOLDS & BOOKINGS

Field	Type / Format
Entry type	Enum (Booking / Provisional booking / Absence)
Date	Date
Assignment	Relation to assignment
Role / Plan	Text
Assignment status (e.g. TEST)	Text
Employment ban	Boolean / Entry

EMPLOYMENT HISTORY

Field	Type / Format
Date of work	Date
Date entry added	Date
Assignment name	Text / Relation
Assignment type (commercial / film / series)	Enum
City	Text
Plan / Role	Text
Status (ACCEPTED / PROPOSAL)	Enum
Contract signed	Boolean
Operator / Coordinator	Relation to user

CONTRACTS

Field	Type / Format
Full name (from contract)	Text
PESEL (from contract)	Number
Contract end date	Date
Contract status (colour coded)	Enum (active / expired / other)
Linked assignment	Relation to assignment
Role / Plan from contract	Text

TAGS – Detailed Categories & Approved Values

The tag system operates on two levels: each general category (e.g. "Interests", "Hair") contains a hierarchy of sub-categories, which in turn lead to specific values assigned to profiles

Animals

Statistics: 288 approved / 498 proposals

Approved tags	Entry count / Description
reptiles, amphibians, molluscs	snakes, lizards, turtles, frogs, snails etc.
birds	parrots, canaries, pigeons etc.
fish	aquarium fish, marine fish, carp etc.
mammals	dogs, cats, horses, rodents etc. (largest sub-category)
arthropods	spiders, insects, crabs etc.

Approved tags
very slim
long legs
pear
apple
hourglass
feminine
column / rectangle
muscular
petite
average
inverted triangle
heavy-set
plus-size (2 variants)
slim
broad shoulders
tall (with sub-category)
athletic

Car Brands

Approved tags
Abarth
Alfa Romeo (with sub-category)
Aston Martin
Audi (with sub-category)
BMW (with sub-category)
Bentley
Buick
Chevrolet
Citroën (with sub-category)
Ford
Mercedes
Opel (with sub-category)
Renault
Skoda
Toyota (with sub-category)
Volkswagen

Character Traits

Approved tags
warm
defensive
energetic
well-behaved
sociable
shouts
strong
thoughtful
shy
bland
indifferent
aggressive
sharp / intense
average
cries
absent-minded
emotional
mood changes

Skin Colour / Complexion

Approved tags
African
Asian
white / fair
Middle Eastern
brown
black
Indian
Latino
Southern European
Scandinavian
Slavic
Western European

Eyes

Approved tags
brown
black
large
heterochromia
blue
hazel
grey
green

Facial Hair

Approved tags
blonde
none
beard
brown
black
long
stubble (few days)
short
can grow
natural
red
sparse
grey
moustache
groomed
medium

Distinguishing Features

Statistics: 978 approved / 3,658 proposals

Approved tags
accent (with sub-category)

Approved tags

scar, birthmark (with sub-category)

diction (with sub-category)

expression (with sub-category)

voice (with sub-category)

other

language (with sub-category)

nationality (with sub-category)

piercing (with sub-category)

siblings (with sub-category)

tattoo (with sub-category)

type (with sub-category)

appearance (with sub-category)

behaviour (with sub-category)

occupation (with sub-category)

teeth (with sub-category)

Hair

Approved tags

afro

blonde

no hair / bald

brown

black

long

wavy

alternative hairstyle (with sub-category)

short

curly

natural

straight

medium length

red / auburn

grey

salt-and-pepper

braids / plaits

well-groomed

Illnesses & Allergies

Approved tags
allergies (with sub-category)
amputations, prosthetics (with sub-category)
vitiligo
chronic illnesses (with sub-category)
infectious diseases (with sub-category)
phobias (with sub-category)
spine conditions
addictions (with sub-category)
paresis / weakness (with sub-category)
disability (with sub-category)
cancer (with sub-category)
epilepsy
injuries (with sub-category)
hearing impairment (with sub-category)
visual impairment (with sub-category)
appearance-related (with sub-category)
disorders (with sub-category)
fractures (with sub-category)

Interests

Approved tags
hobbies (with sub-category)
topics of interest (with sub-category)
militaria
sciences (with sub-category)
nature (with sub-category)
sport (with sub-category)
arts (with sub-category)
technology (with sub-category)
health & beauty (with sub-category)
paranormal phenomena (with sub-category)

Languages

Approved tags
African languages (with sub-category)
American English (with sub-category)
English
Asian languages (with sub-category)
Middle Eastern languages (with sub-category)
European languages (with sub-category)
other
Ukrainian

Locations

Approved tags
public buildings (with sub-category)
house (with sub-category)
plot / land (with sub-category)
commercial premises (with sub-category)
places (with sub-category)
apartment / flat

Cast Grades

Approved tags
1ST PLAN
2ND PLAN
2ND PLAN / EXTRA WITH LINES
3RD PLAN / EXTRA
3RD PLAN RECURRING / CHILDREN
3RD PLAN WITH LINES / EXTRA SHORT LINES
3RD PLAN / CORPSE

Approved tags

casting
shoot day
outdoor / location shoot
rehearsal
hundreds (crowd scene)

Skills

Approved tags

hobbies (with sub-category)
languages (with sub-category)
fashion (with sub-category)
nature (with sub-category)
sports (with sub-category)
arts (with sub-category)
dance (with sub-category)
technology (with sub-category)

System Statistics Summary

Category	Value / Description
Total structural fields	87
Required fields	38

Category	Value / Description
Optional fields	49
Number of sections / tabs	10
Number of tag categories	17
Total approved tag rows in this document	206 entries
Personal / identity data	Full name, PESEL, address, phone, email
Biometric data	Height, weight, measurements, clothing/shoe sizes
Sensitive data (GDPR Art. 9)	Allergies/illnesses, health data processing consent
Financial / accounting data	PESEL, NIP, document number, contracts
Behavioural / acting data	Rating, acting types, character, nudity
Historical / employment data	Assignment history, contracts, bookings

⚠ Notes on Approximate Data

All tag assignment counts (e.g. "216,705 entries") are approximate and do not reflect the state of the system, they are approx.

The tag hierarchy is multi-level: the general categories shown in the tables (e.g. "mammals", "sport", "European languages") lead to further sub-categories and specific values whose full depth is not listed.
